DID YOU KNOW?

- Homestead's most recent ACT composite score of 25.9 was the best for all public high schools in Wisconsin.
- Homestead students passed their Advanced Placement exams over 88% of the time in the most recent testing period.
- Homestead's most recent graduation rate was 99.8%.

Homestead High School's mission is to equip all students with transferrable skills, promote academic independence, foster social responsibility, and inspire a passion for learning. That mission guides the school's continuous improvement efforts and inspires faculty and staff as they support the growth and development of the student body.

Again this year, Homestead students excelled both in and out of the classroom. The school's composite ACT score of 25.9 led all public high schools in Wisconsin, and over 83% of seniors took the exam. Twenty-six seniors were recognized for some level of National Merit distinction, with 15 students being named finalists. The College Board recognized nearly 100 students for their exemplary participation in and performance on Advanced Placement testing during their high school careers. Homestead became an Advancement Via Individual Determination (AVID) high school this year, and will now be one of a select few in Wisconsin to offer this innovative programming to support, challenge, and inspire college-bound students in the academic middle.

As Homestead enters its second half-century of existence, the school remains a model of educational excellence. Through collaboration among students, parents, faculty and staff, administrators, and community members, the school will continue to take meaningful strides toward achieving its mission.
