DID YOU KNOW?

- Examples of experienced educators are found throughout Wilson School! For example, 85% of teachers hold Masters Degrees and two have earned their National Board Certification. In 2010-2011 the Mequon-Thiensville Range Line School Excellence in Teaching Award was presented to the Wilson 5th Grade Teaching Team of Dawn Liker, Ellen Mandelman and Missy Vraney.

- Over the years Wilson students have had the opportunity to meet and work with artists such as singer-song writer Skip Jones, author-illustrators Mr. and Mrs. Buehner, CLIMB Theater actors and authors Julie Woik (The Life and Times of Lilly the Lash) and Herman Parish (Amelia Bedelia). The support for these valuable programs has come from the school as well as PTO and PPI organizations.

- Wilson Student Council has fundraised to support a sister school located in South Africa, the Humane Society, the Cystic Fibrosis Foundation and Wilson families in need. In addition, the Wilson Legacy Scholarship provides support to a graduating senior at Homestead High School.

The mission of Wilson Elementary School is, in collaboration with family and community members, to create lifelong enthusiasm for learning while fostering academic, social and emotional growth in all children. To do this, teachers provide authentic learning experiences, which challenge students while stimulating a desire to learn more about the world around them. Hands-on learning opportunities guide student learning, strengthening critical thinking and problem-solving skills in Wilson students.

Wilson's school culture is grounded in the reinforcement of positive behavior, with a school-wide emphasis on being respectful, responsible and ready to learn. As a part of its participation in PBIS (Positive Behavioral Interventions and Support), expectations are explicitly taught, goals are set and acknowledgements are provided as students meet and exceed these levels. This approach has created a strong school community and a sense of pride, in addition to maintaining a focus on learning.

Collaboration is truly the key to the many successes of Wilson School. Students benefit on a daily basis from the staff, parents and community members working to support them. Wilson is not simply a school, but rather a community of learners working together so that individuals are able to achieve their highest potential. Our school growth plan focuses on raising increasing students literacy and numeracy skills through focused instruction and high-quality assessments.
