FOR IMMEDIATE RELEASE: December 23, 2011

Mequon-Thiensville School District Announces Parent Meeting

Mequon, WI –

In January, the Mequon Thiensville School District will be administering the Measures of Academic Progress (MAP) test in the areas of reading and math for students in third through fifth grade. A parent information night on the specifics of the MAP tests is scheduled for January 12, 2012 at 7:00 p.m. at the Range Line School Conference Room. Parents of grades 3-5 students are invited to attend.

The computer-based tests adapt to a child's level of learning. Each student has the opportunity to succeed and teachers receive detailed, accurate information about each child's growth.

Following more MAP testing in spring and next fall, students and teachers will work together to set goals based upon the individual MAP scores - giving students, parents and teachers an understanding of where each child is and needs to go.
