Gail M. Grieger, Director of Business Services

For Immediate Release

The Mequon-Thiensville School District is pleased to announce a new service, MyTec. MyTec will begin on January 23, 2012. MyTec is the MTSD service that will allow students, staff and guests wireless access to the Internet on their personal technology device(s).

The purpose of the MyTec wireless service is to provide a 21st Century learning environment that mirrors students' off-campus world while maximizing instructional time and tools, creating collaboration and networking opportunities, and meeting the learning styles and needs of students.

More information will be posted on the district website on January 3, 2012.
