

MTSD Technology Vision Statement

Through the use of technology, our District is committed to:

- providing students with authentic and meaningful learning opportunities conducted in an ethical manner for academic, social, personal, and work-related activities.
- supporting all staff in the effective integration of technology to enhance the quality of teaching, learning, and assessment.
- providing efficiencies in time and work.
- enabling more effective communications within the entire school community, including students, parents, staff, and residents and businesses in Mequon and Thiensville.

MTSD Technology Definition

The MTSD defines technology as a tool that is used to obtain, modify or disseminate information.
