In an effort to continue to keep our building as safe as possible, we want to remind everyone about entrance into the building. If you arrive to school after the start of the day, you MUST enter through the main entrance (Door 6) and sign-in with Mrs. Winters. While it may seem like it's not a big deal, we have thorough safety protocols in place to ensure the only people who are in our building are approved to be here. Lately, we've noticed students letting other students, and at times, adults, into the building from other entrances. Please don't do this! While all of us wish things were different, unfortunately, in today's world, we have to take all precautions to ensure your safety. Thank you for your help in keeping Homestead a safe place for you all. Have a great day!
