Mequon-Thiensville School District Modifies Hall of Inspiration *Event Enhanced to Focus on Outstanding Alumni*

MEQUON, WI. — The Mequon-Thiensville School District Board of Education has approved to modify the Hall of Inspiration selection process. MTSD is enhancing the event to include a specific purpose, selection process and criteria. The Hall of Inspiration will now be formally titled Hall of Inspiration Alumni Award, designed to inspire new generations of district students to dedicate themselves to lives of accomplishment, service and good character.

The District established the Hall of Inspiration during the 2005-2006 school year. The initial objective of the Hall of Inspiration was to induct MTSD alumnus who accomplished significant professional success to serve as an inspiration to future generations of Homestead High School students. In keeping with the original intent, and as outlined in District's strategic plan, goal #4, objective D (inspire communitywide confidence and pride in our schools through engagement, partnerships, communication and celebration of District accomplishments), the Hall of Inspiration selection process has been modified for 2015 and beyond.

The District determined that the following individuals would best represent the Hall of Inspiration selection committee: (1) MTSD Executive Director of Communications, (2) MTSD Superintendent of Schools, (3) MTSD Board of Education President, and (4) Mequon-Thiensville Education Foundation President. Their charge is to locate MTSD's most outstanding alumnus to be recognized by their home school district. The selection committee will assume the responsibility of researching and vetting recommended inductees for the Hall of Inspiration Alumni Award. The selection committee will continue to encourage community input in the process by developing a landing page on the District website where recommendations can be submitted.
